F.A.S – Fine at school

During the period May 2019 and March 2021 in Bulgaria was undertaken testing of 33 actions in several schools from Sofia, Pernik, Blagoevgrad and Pirdop.

The schools participating in the piloting from Sofia are 128 Secondary school, Albert Einstein and 81 Secondary school Victor Hugo.

The schools, participating in the piloting from Pernik are Primary school “St. Constantine Cyril filosof”, Primary School “Aleko Konstantinov”, 6 Secondary School “St. Cyril and Methodius” and Nature - Mathematical High School “Hristo Smirnenski”.

The school participating from Pirdop is Secondary school Savo Savov. There were two age groups.

Age group 1 – pupils from 6 to 7 years old and age group 2 – pupils from 11 to 12 years old.

The total number of participants from age group 1 (6 to 7) is 229, and the total number of participants from age group 2 (11-12) is 259.

The total number from both groups is 479.

During the testing the students actively participated and were very satisfied from the results of the activities and practices implemented in their class.
